RV ENTERTAINMENT SYSTEMS

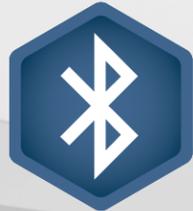

Bluetooth

JENSEN's® RV entertainment systems exemplify innovation and luxury, while being specifically engineered for life on the road. Offering the best in A/V entertainment, these products showcase unique features such as app control, all-digital connectivity, and Bluetooth® streaming audio.

JENSEN® now offers app control technology with the **jControl** app. Control these primary functions of the entertainment systems directly from any Bluetooth®-enabled mobile device:

- Power
- Volume and mute
- Radio station selection, recall, & store
- CD/DVD player control
- Bluetooth streaming audio
- Smartphone charging and control via USB
- Source selection
- Speaker zone selection (A/B/C)
- Audio menu: bass, treble, balance, fader and equalizer
- Displays music track, artist and title info
- Clock, alarm and sleep timer

Feature functions may vary based on device operating system and version.

jControl

JWM6A

Features include AM/FM tuner, CD/DVD player, app control, three speaker zones, ARC via HDMI, front AUX and USB inputs and alarm clock with sleep timer. Dimensions: 10.5"W x 7"H x 5"D

- iPod/iPhone READY
- A/B/C
- Control and Charging
- Multi-Zone Speakers
- Front AUX Input
- Front USB Input
- DVD Player
- Clock with Alarm and Sleep Timer

jCOM interface simplifies A/V operations via a single HDMI cable. Simply inserting a DVD automatically powers on both the stereo and JENSEN® TV and changes them to DVD source and HDMI input. One motion and the movie is ready, eliminating hassle with multiple remotes and input selections. (Available on HDMI-equipped JWM6A and JWM9A stereos)

ARC (Audio Return Channel) allows the audio from broadcast TV channels to be digitally returned via a single HDMI cable through the stereo system speakers. Benefits include stereo level sound quality and crisp, clear sound with all-digital connectivity. When used with the jControl app on iOS and Android smart devices, ARC can be disabled to allow for simultaneous use of the TV and stereo. (Available on HDMI-equipped JWM6A and JWM9A stereos)

- iPod/iPhone READY
- 160 Watts
- A/B/C
- Front USB Input
- Weatherband Radio
- DVD Player
- Front AUX Input

JWM9A

Sleek, 12 volt, home theater-style source unit with all-digital connectivity, including Apple® MFI connectivity (iPhone®/iPod®/iPad®), also features multi-preset AM/FM tuner, selectable line audio output, digital audio input and remote control. Dimensions: 17"W x 3.5"H x 7.4"D
