What makes the HD1BT plug 'n' play?

JENSEN HD1BT stereo chassis

Exact receptacle for Harley-Davidson harness plug.

Factory Harley-Davidson stereo chassis

Mounting points on chassis are in the exact same location to allow for simple installation into a Harley-Davidson fairing.

Accessorize your new audio system.

JHDHBC

Waterproof Handlebar Remote Control
Controls volume, track/tuning, mode select and mute - available in black or chrome

USB Port/Headphone Jack Adapter Cable

Connects either your external storage device (flash drive) or MP3 player to the stereo

JENAUx
