ULTRAMARINE
CERTIFIED

PAD20002

2-CHANNEL CLASS D AMPLIFIER

PRODUCT FEATURES

- Super-efficient class D bridgeable design
- High-speed MOSFET switching power supply.
- Toroidal transformer
- Protection—Thermal, DC offset, reverse DC voltage and short circuit protection.
- FULL, HPF, BPF switch
- Adjustable low & high pass frequency range
- Level control
- Line level inputs
- Line level outputs
- Nickel-plated wire terminals & RCA connectors
- Stainless steel hardware
