

JENSEN® Specialty App

jControl

jControl app transforms your phone or tablet into the ultimate wireless remote control for your JENSEN® stereo system.

Controls all of the primary functions of your stereo including:

- Power on/off
- Volume and mute
- CD/DVD player
- AM/FM radio tuner - access station, recall, store presets or switch songs
- Speaker selection (A, B and/or C)
- Audiomenu: bass, treble, balance, fader, equalizer, volume and speaker selection settings
- Clock with sleep timer and alarm

jControl works with these **App Ready** stereos:

JWM1A

JWM9A

JWM6A

JWM3A

Note: App capabilities vary with each stereo's feature set.
