

DESIGNED TO MOVE [YOU]®

Product Change Notice

In an effort to keep our audio and video products on the cutting-edge of technology, ASA Electronics will be updating our audio line as follows:

The JENSEN® JWM990 & AWM914 wallmount stereos will be discontinued. ASA will replace these units with the JENSEN® JWM9A & JWM1A wallmount stereos with app control technology. This change will be effective August 1, 2015.

ASA has now upgraded this product line to include full function app control via a free downloadable application for both Android and iOS users called JENSEN® jControl. This app transforms your phone or tablet into the ultimate wireless remote control for your JENSEN® stereo system. There are no physical, mechanical or installation changes to the units.

jControl controls all of the primary functions of your stereo including:

- Power on/off
- Volume and mute
- CD/DVD player
- AM/FM radio tuner - access station, recall, store presets or switch songs
- Speaker selection (A, B and/or C)
- Audio menu: bass, treble, balance, fader, equalizer, volume and speaker selection settings
- Clock with sleep timer and alarm

JWM9A

JWM1A

If you have any questions regarding this product change or want information on specific pricing, please contact your ASA sales representative or ASA Customer Service at 574-264-3135 or 800-688-3135.
