

Product Discontinuation Notice

Jensen® JE1569BVM

In order to ensure our products continue to evolve as the technological market changes, ASA Electronics is updating our product line as follows:

The Jensen® JE1569BVM 15" Bus Monitor has been discontinued. This change will take effect when current supply is exhausted. Suggested substitutions include the JE1029BVM and T1588IRBK monitors.

JE1569BVM FEATURES

- 12 or 24 VDC Power
- 15" (16:9) LCD widescreen monitor
- White LED illumination
- 1 video NTSC/PAL input (RCA type)
- Auto On (video detection)
- Simple "Hook & Latch" installation design
- Injection molded housing
- LCD protective lens

If you have any questions regarding this product change or want information on specific pricing, please contact your ASA sales representative or ASA Customer Service at 574-264-3135 or 800-688-3135.
