

# Voyager®

## Product Change Notice

In an effort to keep our observation products on the cutting-edge of technology, ASA Electronics will be updating our product line as follows:

The Voyager® VOM73MM will be discontinued. ASA Electronics will replace these models with the Voyager® VOM74MM. This change will be effective approximately 7/1/2017.

The latest rearview mirror monitor from ASA Electronics offers all the features our customers love from the VOM73MM but with an updated appearance and more rugged design featuring backlit tactical buttons.

- 7" TFT LCD display with highly-reflective glass surface that serves as a rearview mirror when back-up camera system is not active
- 12VDC power
- 16:9 aspect ratio
- Three camera inputs
- Manual (push button) or automatic (trigger) source selection
- Built-in speaker
- On-screen display for AV source and picture adjustment
- Auto power-on (stand-by)
- 10.2"W x 4.25"H x 1.8"D
