

Voyager®

Product Transition Notice

In order to ensure our products continue to evolve as technology changes, ASA Electronics will be phasing out our current wireless observation cameras, monitors, and systems using WiSight Technology.

The Voyager WVH100 Digital Wireless Camera for Prewire Systems, using WiSight Technology, will be discontinued. ASA's replacement camera is the Voyager WVSXC160 Digital Wireless Camera for Prewire System, using **WiSight 2.0 Technology**. This change will be effective when current supply is exhausted.

WVH100

WVSXC160

- Compatible with WiSight Monitors (WVOM43 or WVOM541AP)
- Not forward compatible with WiSight 2.0 Technology
- 12 VDC universal power connection
