

# Voyager

## Product Transition Notice

In order to ensure our products continue to evolve as technology changes, ASA Electronics will be phasing out our current wireless observation cameras, monitors, and systems using WiSight Technology.

The Voyager WVOM43 4.3-inch Wireless Observation Monitor, using WiSight Technology, will be discontinued. ASA's replacement monitor is the Voyager WVSXM43 4.3-inch Wireless Observation Monitor, using **WiSight 2.0 Technology**. This change will be effective when current supply is exhausted.

WVOM43

WiSight<sup>®</sup> technology

- Compatible with WiSight cameras (WVCMS130AP or WVH100)
- Not forward compatible with WiSight 2.0 Technology
- Supports up to four wireless cameras and one wired Voyager camera simultaneously
- Auto-Pairing capability allows monitor to be paired with any of the (up to) four wireless cameras with the touch of a button
- Strong signal transmits through and around objects up to 60 feet away
- Bright 4.3" display
- Displays graphic overlay that shows real-time distance from objects while backing up
- Built-in speaker
- Suction cup mount and 12V DC plug included

WVSXM43

WiSight<sup>®</sup> 2.0  
TECHNOLOGY

- **Compatible with WiSight 2.0 cameras\* (WVSXC150 or WVSXC160)**
- **Not backwards compatible with WiSight Technology**
- **"WiSight 2.0" mark on upper left corner**
- **Supports up to four wireless cameras simultaneously**
- Auto-Pairing capability allows monitor to be paired with any of the wireless camera with the touch of a button
- Strong signal transmits through and around objects up to 60 feet away
- Bright 4.3" display
- Supports normal and mirrored camera image
- Displays graphic overlay that shows real-time distance from objects
- Built-in speaker
- Suction cup mount and 12V DC plug included
