

# Voyager®

## Product Transition Notice

In order to ensure our products continue to evolve as technology changes, ASA Electronics will be phasing out our current wireless observation cameras, monitors, and systems using WiSight Technology.

The Voyager WVOS541 Digital Wireless Observation System, using WiSight Technology, will be discontinued. ASA's replacement system is the Voyager WVSXS70 Digital Wireless Observation System, using **WiSight 2.0 Technology**. This change will be effective when current supply is exhausted.

WVOS541 **WiSight®** technology

- Compatible with WiSight Technology products
- Not forward compatible with WiSight 2.0 Technology

### Monitor (WVOM541AP)

- Supports up to four wireless cameras simultaneously
- Auto-Pairing capability allows monitor to be paired with any of the wireless cameras with the touch of a button
- Strong signal transmits through and around objects up to 60 feet away
- Bright 5.6" display
- Built-in speaker
- Suction-cup mount and 12V DC plug included

### Camera (WVCMS130AP)

- 12VDC power
- High-performance color optics
- CMOS sensor technology
- IR LED low-light assist
- Waterproof design and construction
- Integrated microphone

WVSXS70 **WiSight® 2.0** TECHNOLOGY

- **Compatible with WiSight 2.0 Technology products**
- **Not backwards compatible with WiSight Technology**

### Monitor (WVSXM70)

- Supports up to four wireless cameras simultaneously
- Auto-Pairing capability allows monitor to be paired with any of the wireless cameras with the touch of a button
- Strong signal transmits through and around objects up to 60 feet away
- **Bright 7" display**
- **Supports normal and mirrored camera image**
- **Supports single, split, and quadview viewing options**
- Built-in speaker
- Suction cup mount and 12V DC plug included

### Camera (WVSXC150)

- 12VDC power
- High-performance color optics
- CMOS Sensor technology
- IR LED Low-light assist
- Waterproof
- Integrated microphone
