

## Product Transition Notice

In order to ensure our electronics prices remain competitive, ASA Electronics has made the decision to move manufacturing of some existing products out of China. We have issued new part numbers for the products that will now be manufactured in Malaysia.

The VCAHD140LB Light Bar with Camera will be replaced by the VCAHD140LB2 Light Bar with Camera. Our Malaysian products will be built and tested to the same standards and all features and technical specifications will remain the same.

This change will be effective when current supply runs out.

### VCAHD140LB2
